

Meeting Agenda

Date: 22/5-2013

Facilitator: Sara Nadi

Participants: Danny Lam, Laszlo Sall Vesselenyi, Patricia Paulsson

1. Objectives (5 min)

Sara is aware of how she will proceed on working with her part and she will try to finish it today.

Laszlo is working in his own branch and will continue to do so.

Testes are to be fixed.

2. Reports (15 min)

Laszlo has continued with updating SDD and added Legal in RAD.

Save, Open etc are to be implemented.

The functions of grayscaling and importing image are finished. Resize can, nevertheless, be improved. The crop-function is still on-going.

3. Discussion items (35 min)

(a) Save text in order to be able to change template.

(b) Finish Image to be able to continue with other things.

(c) Refactor since there are some duplicated code remaining. Can be done when one is finished with his parts.

4. Outcomes and assignments (5 min)

(a) Shorten the chapter about utensils in the report. The report itself needs to be improved.

(b) Everyone is to continue with their part.

5. Wrap up

(a) Tomorrow, 23/5, after the meeting with the supervisor.
