

Meeting Agenda

Date: 18/4-2013

Facilitator: Danny

Participants: Patricia, Danny, Laszlo, Sara

1. Objectives (5 min)

We need to write more comments, for our and others' sake. It will be easier to understand the code.

Must delegate who does what in which class, to avoid conflicts.

2. Reports (15 min)

UML not updated

3. Discussion items (35 min)

(a) New UML

b) Use use cases as our goal and divide the workload from that aspect instead.

Check upon the UML while working.

Repaint the use case diagram with colours depending on the priority.

4. Outcomes and assignments (5 min)

(a) Create UML with MVC structure (today together)

(b) Danny takes care of prioritising Use cases

(c) Everybody does JavaDoc

(d) Commit often and a little rather than seldom and a lot

5. Wrap up

(a) Next meeting, on Thursday 25/4
