

Meeting Agenda

Date: 26/4-2013

Facilitator: Laszlo

Participants: Patricia, Sara, Laszlo, Danny.

1. Objectives (5 min)

Not any problems at the current moment since everyone have their own work, thus their own struggles to deal with.

2. Reports (15 min)

Reviewing information gathered from the meeting with Bohn involving us working on different branches and solving minor problems with the class History.

3. Discussion items (35 min)

Conflicthandling involving working on seperated branches and then merge in.

4. Outcomes and assignments (5 min)

Updated TODO-list. Everyone have their own work;

Danny is responsible for the sketch, GUI and IO-related logic,

Patricia is responsible for the image-related logic,

Laszlo is responsible for the IO-related logic and RAD, and

Sara is responsible for text-related logic, some tests and SDD.

5. Wrap up

Next meeting will be the Friday 3/5
