Meeting Agenda

Date: 26/5-2013
Facilitator: Sara Nadi
Participants: Danny, Sara, Laszlo, Patricia

1. Objectives

* Problem with the scroller because of the layout
* Differences between the view in Eclipse and in PDF-format.
* DocumentLoad (LOAD_DOC) doesn't cooperate
* DocumentController and IOController doesn't have anything in common (interface).
* Undo/Redo actions one character at a time.

2. Reports

* Patricia has done sequence diagrams and changed SectionTypes. New GUI and getters/setters.
* Danny has implemented a "close tab" function and "new tab" function. HTML-tooltips. Java Doc and refactorize.
* Sara changed the model (Document).
* Laszlo fixed IOHandler so it works with the new SectionTypes. Updated and renewed the code. Took care of exceptionhandlings.

3. Discussion items

(a) We need a deadline for our assignments.
(b) The focus in JTextComponent and JTextPane (typecasts).
(c) Test in MultipleRowSection, SingleTextSection, Document, RMImage etc.
(d) Interfaces

4. Outcomes and assignments

(a) Deadline: Programming **15:00**,
    Deadline: RAD, SDD etc. **18:00**,
    Deadline: Presentation and send in everything before **23:59**
(b) Patricia will implement some tests.
(c) Danny will fix some bugs with the scroller and tabs.
(d) Laszlo will continue with IO.
(e) Sara will fix the focus between text components and panes.

5. Wrap up

(a) This is the last meeting. No more future ones!
