Meeting Agenda

Date: 23/05-2013
Facilitator: Patricia
Participants: Patricia, Sara, Danny, Laszlo

1. Objectives (5 min)

Objectives for next meeting: Export PDF correctly, store style in model, pathfinding, structure tests, implement new doc.

2. Reports (15 min) From previous meetings, (un)solved issues,
  etc. , see also 4

Danny created tooltips, polished GUI; Sara kept experimenting with storing format; Laszlo worked on saving functionality, made it work, refactored IOHandler and PDFHandler; Patricia refactored MainController, created Label/JEditorPane called "Education";

3. Discussion items (35 min)

 (a) When Templates are changed, information is merely transmitted from one Template's JEditorPanes to the other's.

4. Outcomes and assignments until next meeting (5 min)

 (a) Laszlo will implement PDF export correctly, will look into it directly after meeting with Patricia

 (b) Laszlo will implement Open functionality

 (c) Danny fixes Undo to remove character segments, not single characters

 (d) Download "Bug search" tool (http://findbugs.sourceforge.net/)

 (e) Sara will update RMText + test

 (f) Patricia will restructure test package, help Laszlo with PDF handling and improve report

5. Wrap up

 (a) Tomorrow 13:15
